

**A7 Sportback**

An aerial photograph of a city street during the 'golden hour' of sunset. The scene is dominated by lush green trees on the left and right sides of the road. The sun is low on the horizon to the right, creating a strong, warm glow and lens flare effects across the entire image. In the background, tall city buildings are visible. The street below shows a few cars and a person walking on the sidewalk. The overall mood is serene and anticipatory.

Nothing is  
more exciting  
than the view  
ahead.

Anticipate.  
The new  
Audi A7 Sportback.

The background of the advertisement is a photograph of a city street. In the foreground, the rear right side of a light blue Audi A7 Sportback is visible, parked on a cobblestone-paved sidewalk. The car's rear wheel, taillight, and trunk are clearly shown. In the mid-ground, a person in a white shirt and dark pants is walking past the car, carrying a white dog. The background features a modern building with large windows and a set of stairs leading up to an entrance. The overall scene is brightly lit, suggesting a sunny day.

# Progressive design language needs no translation.

Bringing the vision of the revolutionary Audi design language to the road: the new Audi A7 Sportback. A futuristic manifestation of sportiness and elegance. Impressively accentuated through classic quattro architecture. Proof that part of staying true to yourself is being prepared to change.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found on page 56.

# Getting feedback can be a step forward.

A revolutionary operating concept awaits you in the new Audi A7 Sportback: MMI touch response. Fewer buttons, more convenience. An easy and intuitive way to control infotainment and convenience functions – just like on your smartphone. Thanks to haptic feedback that means you don't have to take your eyes off the road. And on request with MMI navigation plus including an overview of a wealth of key vehicle information and functions displayed on a 10.1-inch touchscreen and in the Audi virtual cockpit with high-resolution 3D map representation on a brilliant 12.3-inch display.

Intuition  
is not  
something  
you learn.

16

17

There's almost nothing more intuitive than the spoken word. In the new Audi A7 Sportback, you have the option of using this simple device to operate the MMI. Thanks to the optional natural language interaction – a language assistant that listens to you, answers you and carries out certain vehicle functions. Without having to define prescribed terms and in everyday speech.

The image shows the interior of a car, focusing on the front passenger seat and the door panel. The seat is upholstered in a dark, textured material with visible stitching. The door panel features a sleek, modern design with a handle and a speaker grille. The overall atmosphere is clean and sophisticated. The text "Setting the pace for space." is overlaid on the left side of the image.

Setting  
the pace  
for space.

Welcome to an atmosphere that's all about light, space and loving attention to detail. Enjoy a space that is both playground and refuge. Even when you're not the one behind the wheel.

A dark grey Audi A7 Sportback is shown in the foreground, parked on a city street. The car's license plate reads 'IN A 7019'. In the background, a yellow taxi is blurred, suggesting motion. The scene is set in an urban environment with classical buildings and a street sign.

The best  
visions are  
already  
taking shape.

A vehicle that is redefining benchmarks across the board. And one that fascinates at first glance thanks to a new design language. Impressing with dynamism and efficiency. Ushering in a new era with progressive technologies, a revolutionary operating concept and digital connectivity. The new Audi A7 Sportback – Vorsprung durch Technik designed for the mobility of the future.

Audi is more.

Audi intelligent technologies.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found on page 56. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

# Audi intelligent technologies.

The next step towards achieving our vision of piloted driving. In the new Audi A7 Sportback, you can experience the mobility of the future today. With the option of advanced assist systems and helpful automated driving functions. For even more convenience. And that fascinating feeling of having been transported to the future.

Please note: The systems work only within system limits and assist the driver. However, the driver remains responsible for driving the vehicle and is required to be attentive at all times.

An aerial photograph of a dark blue car on a city street. The car is positioned on the right side of the frame, moving towards the bottom right. Concentric white circles emanate from the car, representing sensor waves. A cyclist is visible in the bottom right corner, riding a bicycle. The background shows a paved street with a crosswalk and a sidewalk.

# Delegating leaves more time for what's really important.

Anticipation – one of the most effective skills to ensure a safe and relaxed drive. One job that you can sometimes leave to the most recent generation of optional driver assistance systems. To stay in lane or to maintain speed or distance in tight thoroughways such as motorway roadworks. Enlist the support of the adaptive drive assist including speed limiter, efficiency assist, collision avoidance assist and turn assist. Even on narrowed lanes, thanks to assisted lane guidance provided by bottleneck assist.

Please note: The systems work only within system limits and assist the driver. However, the driver remains responsible for driving the vehicle and is required to be attentive at all times.

01 Audi virtual cockpit with 12.3-inch colour display including presentation of navigation map

02 Control buttons in black glass look with proximity sensors and haptic feedback, including extended aluminium look

03 MMI navigation plus with MMI touch response for fast, intuitive operation

The image shows the interior of a car, specifically the rear passenger area. A large panoramic sunroof is visible, providing a view of a city street with tall buildings. The car's interior features dark leather seats with perforated sections. The sunroof is partially open, and the sky is visible through it. The overall atmosphere is bright and airy.

# Comfort broadens its horizons.

Feeling comfortable while on the move is a question of atmosphere. In the new Audi A7 Sportback, you call the shots. For instance by choosing the optional panoramic glass sunroof, which combines a light and friendly atmosphere with the feeling of increased space. Or go for the optional air quality package, comprising ioniser and scent delivery, for superb air quality in the interior. You may also opt for the 4-zone deluxe automatic air conditioning to give each seat its own custom climate. Fast and efficient, thanks to personalisation, occupant recognition and sensor-based intelligent control.

Dynamics

# Forwards is the only direction that counts.

The performance of a sports car combined with attitude of a luxury saloon. Experience just how comfortable forward thrust can be. Thanks to the optional suspension including damper control with electronic adjustment for a variety of driving situations, or the outstanding comfort and self-levelling of the adaptive air suspension. For a sporty driving style, the optional quattro drive with sport differential provides thrilling dynamics, high-precision handling and superb directional stability on virtually any terrain. And the S tronic 7-speed dual-clutch transmission offers fast gear changes with no perceptible break in propulsive power.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found on page 56. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. Please contact your Audi partner or visit [www.audi.com](http://www.audi.com) for detailed information about standard and optional equipment.

# Short breaks result in new drive.

Dynamics and efficiency. Two virtues that dovetail perfectly in the new Audi A7 Sportback. Made possible by efficiency measures including lightweight design, efficiency assist and the innovative mild-hybrid technology – all features of the new Audi A7 Sportback. In combination with the combustion engine, the mild-hybrid system uses recuperation to obtain electrical energy that can then be stored and used in certain driving situations. To deliver an additional power boost, for instance, or for emissions-free driving in coasting mode.

The figures for fuel consumption and CO<sub>2</sub> emissions can be found on page 56. Some of the equipment illustrated or described is optional equipment for which an extra charge is made. The image is a composite advertisement for Audi's interior design selection. It features a dark, semi-transparent text box on the left side, overlaid on a background image of a car's interior. The background image shows the driver's side door panel and the front passenger seat, both featuring a perforated leather texture. The door panel has a wood-grain inlay and a leather handle. The text is white and reads: "More exceptional. With the Audi design selection." Below this, in a smaller font, is a paragraph: "Make an exceptional vehicle even more exceptional. The Audi design selection in sard brown or juniper grey offers you an aesthetic pre-selection of special materials and colours for the interior. High-quality inlays in conjunction with fine leather upholstery and trim along with attractive contrasting stitching lend the interior an exclusive ambience." On the right side of the image, there are two small white numbers, "40" and "41", stacked vertically. The overall aesthetic is clean, modern, and emphasizes high-quality materials and craftsmanship.

# More exceptional. With the Audi design selection.

Make an exceptional vehicle even more exceptional. The Audi design selection in sard brown or juniper grey offers you an aesthetic pre-selection of special materials and colours for the interior. High-quality inlays in conjunction with fine leather upholstery and trim along with attractive contrasting stitching lend the interior an exclusive ambience.

## Explanatory notes

- <sup>1</sup> The figure given was calculated using the specified measuring procedure (current version of UN-R 85).
- <sup>2</sup> Unladen vehicle weight includes driver (75 kg) and fuel tank 90 % full, calculated in accordance with the current version of Reg. (EU) 1230/2012. Optional equipment may increase the car's unladen weight and drag coefficient, whereupon the possible payload limit and the top speed will be reduced accordingly.
- <sup>3</sup> The engine's power output always decreases with increasing altitude. At 1,000 m above sea level, and for every additional 1,000 m, deduct 10 % from the weight of the outfit (trailer load limit + gross weight of the towing vehicle). Figure for trailer load limit applies to factory-fitted trailer towing hitch. If using the vehicle with a trailer towing hitch for commercial purposes, a digital tachograph may be required under certain conditions.
- <sup>4</sup> Refill the separate AdBlue tank as indicated by the information in the display of the instrument cluster. We recommend having the AdBlue tank refilled by your Audi partner. AdBlue is a registered trademark of the Verband der Automobilindustrie e. V. (VDA).
- <sup>5</sup> Regulated.
- <sup>6</sup> We recommend using sulphur-free super unleaded RON 95 fuel complying with DIN EN 228. If this is not available, use sulphur-free regular unleaded RON 91 fuel complying with DIN EN 228; power output will be slightly reduced. Unleaded RON 95 fuel with a maximum ethanol content of 10 % (E10) can generally be used. Fuel consumption details refer to operation with RON 95 fuel complying with 692/2008/EC.
- <sup>7</sup> We recommend using sulphur-free diesel complying with DIN EN 590. If this is not available, use diesel complying with DIN EN 590.
- <sup>8</sup> The specified fuel consumption and emission data have been determined according to the measurement procedures prescribed by law. Since 1 September 2017, certain new vehicles are already being type-approved according to the Worldwide Harmonized Light Vehicles Test Procedure (WLTP), a more realistic test procedure for measuring fuel consumption and CO<sub>2</sub> emissions. Starting on 1 September 2018, the New European Driving Cycle (NEDC) will be replaced by the WLTP in stages. Owing to the more realistic test conditions, the fuel consumption and CO<sub>2</sub> emissions measured according to the WLTP will, in many cases, be higher than those measured according to the NEDC. For further information on the differences between the WLTP and NEDC, please visit our website.

We are currently still required by law to state the NEDC figures. In the case of new vehicles which have been type-approved according to the WLTP, the NEDC figures are derived from the WLTP data. It is possible to specify the WLTP figures voluntarily in addition until such time as this is required by law. In cases where the NEDC figures are specified as value ranges, these do not refer to a particular individual vehicle and do not constitute part of the sales offering. They are intended exclusively as a means of comparison between different vehicle types.

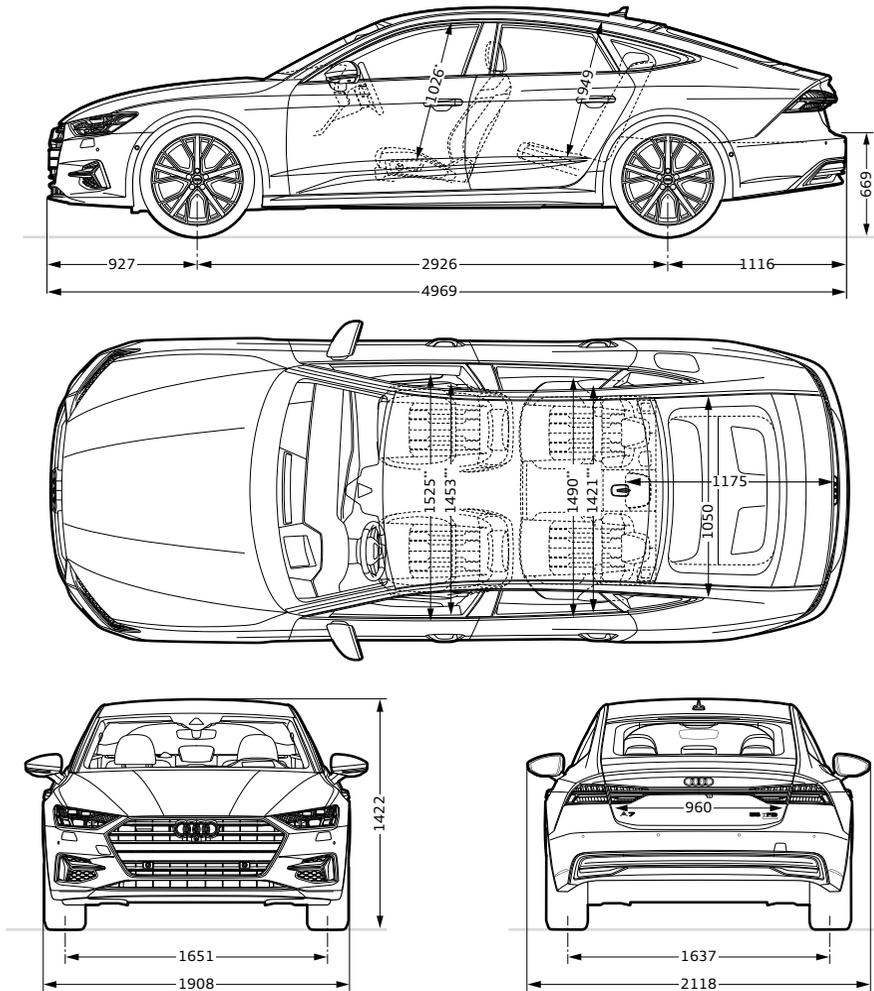

Additional equipment and accessories (e.g. add-on parts, different tyre formats, etc.) may change the relevant vehicle parameters, such as weight, rolling resistance and aerodynamics, and, in conjunction with weather and traffic conditions and individual driving style, may affect fuel consumption, electrical power consumption, CO<sub>2</sub> emissions and the performance figures for the vehicle.

**Audi A7 Sportback**

Dimensions in mm

Dimensions are for unladen vehicle weight. Luggage capacity<sup>1</sup> 535/1,390 l (second value is with the rear seat backrest folded down and vehicle loaded up to roof height).

Turning circle approximately 12.2 m \*Maximum headroom. \*\*Elbow room width. \*\*\*Shoulder room width.

**Classifications of tyre parameters**

The table shows the range of fuel efficiency, wet grip and exterior noise emission classes for the different tyre sizes of the Audi A7 Sportback.

	Tyre size	Fuel efficiency class	Wet grip class	Exterior noise emission class
Summer tyres	205/65 R 17	B	B	71
	225/55 R 18	B-A	A	72-68  -
	245/45 R 19	B	A	70
	255/40 R 20	C	B-A	71-70  -
	255/35 R 21	C-B	B-A	72-70  -
Winter tyres	225/55 R 18	C	B	69
	245/45 R 19	C	B	70-69  -
	255/40 R 20	C	B	71-69  -
All-season tyres	225/55 R 18	B	B	69

It is not possible to order a specific tyre.

Ask your Audi partner about the range of tyres available in your country.

**Important note**

**Special information about the wheels:** Wheels with gloss turned or gloss milled finish as well as polished or partly polished aluminium wheels must not be used in wintry road conditions. For manufacturing reasons, the rim surface does not have sufficient corrosion protection for such use and can be damaged permanently by road salt or similar.

Equipment for the Audi A7 Sportback illustrated (p. 2-33):

Paint finish: Triton blue, metallic

Wheels: forged aluminium wheels in 5-V-spoke star design, contrasting grey, partly polished<sup>2</sup>

Seat upholstery: customised contour seats, front in perforated Valcona leather, juniper grey with contrasting stitching in rock grey

Inlays: Aluminium fragment

The figures for fuel consumption and CO<sub>2</sub> emissions can be found on page 56.

<sup>1</sup>Technical specifications refer to a basic vehicle without country-specific features and the selected optional equipment. <sup>2</sup>Please note the special information relating to wheels on this page.

The vehicles and equipment versions illustrated and described in this catalogue and some of the services listed are not available in all countries. Some of the cars illustrated are equipped with optional features for which an extra charge is made. Details concerning the delivery specifications, appearance, performance, dimensions and weights, fuel consumption and running costs of the vehicle were correct to the best of our knowledge at the time of going to press. Deviations from the colours and shapes shown in the illustrations may occur. No liability is accepted for errors and printing errors. The right to introduce modifications is reserved. Not to be reproduced, including in part, without the written approval of AUDI AG.

This catalogue is printed on paper made from pulp bleached without the use of chlorine.
